Delivery rates

Rates per 1 kg of physical weight	Rates per 1 order
523 RUB	319 RUB

The cost is calculated by: $a + b * x$ = logistics cost for seller, where “a” and “b” - specified constants by country,

a = cost per 1 order

b = cost per 1 kg of physical weight

x – payment weight of parcel in kg

Break is 100 g;

Chargeable weight is the physical weight (brutto) weight with the package.
